Conclusions

SOLIDARITY
WITH UKRAINE

- Polish programmes for Ukraine were really intense in terms of scope, funding and number of participants
- The key issue was – very quick response to the war crisis
- Majority of programmes end up in December 2024
- Question: what after 2024?
- Ukrainian partners can participate in some NAWA programmes (e.g. Strategic Partnerships, CEEPUS, Polish-Japan/JICA programme for IT skills)
